The 11+ Tuition Project

- ☐ Tuition costs paid in advance subject to a maximum ceiling
- ☐ Closing date 30 June 2021, 12.00 midnight

The Wolverhampton African-Caribbean Foundation Trust
is a registered charity in England and Wales (1149392)
and a limited company registered in England and Wales

About us

The Wolverhampton African-Caribbean Foundation Trust is a group of committed individuals concerned about the relative disadvantage experienced by young people, but more significantly those from black and ethnic minority backgrounds, in the West Midlands.

Board members know only too well that education improves lives and for the first time is providing funding for tuition to help Primary aged children prepare for the 11+ test under its 11+Tuition Project. The charity usually provides grants to 16-35 year old for equipment to enable them to attend college or training courses, provide help for business and enterprise start-ups and support cultural and performing arts projects.

What is the 11+ Tuition Project?

The project will fund tuition costs for academically talented children whose families may need help with tuition costs to enable their child to prepare for the 11+ test and if successful attend a selective school. This project pre supposes that parents/carers may have already identified the selective school(s) they wish their child to attend. The 11+ exam is a grammar or selective school entrance test generally taken at the start of Year 6.

What will the Trust do?

- ▶ Fund 10 children who have proven academic ability and the drive and determination to manage a demanding tuition schedule
- ▶ Support children starting Year 5 in September 2021 who are aiming to take the 11+ test in September 2022 and apply to any of the five schools in the Consortium of Grammar Schools in Shropshire, Walsall and Wolverhampton; the eight Birmingham Grammar School Consortium schools and Thomas Telford City Technology College, the only non-selective school in the project.
- ▶ Support children from disadvantaged backgrounds and of African Caribbean heritage predominantly, but not exclusively, and are gifted and talented; whose families are in receipt of benefits; in receipt of free school meals; in the care of the Local Authority and children with special educational needs and/or disabilities.
- ▶ Only involve children whose parents/carers are committed to their learning goals and willing to support their child through the demanding tuition programme.
- ▶ Provide a Trust Liaison to communicate with and help families throughout the project.
- ▶ Pay tuition costs, in advance and direct to parents/carers, up to a maximum ceiling.
- ▶ Request a quarterly progress update from families

How do I involve my child?

Send an e-mail request for an application form and brochure,
giving full details of the project, to the Company Secretary at

mail@twacft.org

Or go to the Special Projects section of our website
to view the information.
